HOT TIMES FOR FRANCE.

Royalists Raise a Riot in the Deputies and Police Clear the Hall.

Associated Press Dispatches by The Tribune's Special Leased Wire.

PARIS, June 5.—The Ministers met this morning, President Loubet in the chair, and decided to remove the Advocate-General, M. Lambert, and the Minister of Justice, M. Lebret, was directed to begin proceedings against M. Tardiff, President of the Assizes Court, before the Council of Magistracy, for the way in which they conducted the case against M. Deroulede and M. Marcel Habert, who were acquitted Wednesday last of the charge of inciting soldiers to insubordination at the time of the election of President Loubet.

The Cabinet did not arrive at any decision respecting Generals De Boisdeffre and Gonze, pending the result of the inquiry regarding Du Paty de Clam.

The Ministers also decided to transfer General Regel, who commanded the troops which M. De Roulede attempted to lead to the Elysee Palace at the time of the election of President Loubet, from Paris to Orleans.

ESTERHAZY IN TROUBLE.

PARIS, June 5.—The Matin today publishes an interview with Major Count Esterhazy, in which Esterhazy accuses Lieutenant-Colonel Du Paty de Clam, of having, for safety, placed in his mother-in-law's house at Brussells extraordinary documents, which protect them both, notably a long report by General Gonze discussing the plan to be followed in order to screen Esterhazy.

The Matin's correspondent at Brussels confirms the statement that Du Paty de Clam left documents in the possession of the d'Ursel family. Du Paty de Clam's wife is a daughter of the Duchesse d'Ursel, grandmistress of the Queen's household and the Queen's god-daughter.

The Minister of War, M. Krantz, has ordered proceedings to be taken against Esterhazy for obtaining documents connected with the so-called "secret dossier," and the Minister has also issued instructions that proceedings be taken against General Pellieux for the manner in which he conducted the Esterhazy case.

MERCIER MAY BE PROSECUTED.

The Minister of Justice, Le Bret, has written to the President of the Chamber of Deputies, M. Deschanel, calling his attention to the reference in the decision of the Court of Cassation to General Mercier's showing documents connected with the Dreyfus court-martial, in order that the chamber may decide whether Mercier is to be proceeded against for an unlawful act committed while he was Minister of War.

THE ATTACK ON LOUBET.

PARIS, June 5. The government will accept an immediate discussion of the interpellation of M. Laloge, Independent Socialist, representing one of the St. Denis districts of the Seine, on the subject of the incidents which occurred yesterday on the Auteuil race course, when President Loubet was assaulted by royalists.

A great number of people called at the Elysee Palace and signed the visitor's book. There was a continuous procession of Senators, Deputies, diplomats, officers and high functionaries.

ZOLA ARRIVES IN PARIS.

PARIS, June 5.—Lieutenant Guilard, has been arrested and charged not only with uttering seditious cries, but with assaulting M. Louny, Chief of the Municipal police.

M. Emile Zola arrived in Paris from London yesterday evening, but refused to see anybody excepting his intimate friends. There is no excitement in the streets where he resides, but the policemen have been stationed near his residence.

RIOT IN THE DEPUTIES.

PARIS, June 5.—There were violent scenes in the Chamber of Deputies this afternoon, owing to Royalist denunciations of President Loubet, and the soldiers on duty had to expel the chief anti-Loubet speaker, M. Coutes de Nord.

SCENES IN THE CHAMBER.

PARIS, June 5.—The Chamber of Deputies met at 2 o'clock this afternoon. The public galleries were crowded with fashionable people, including many ladies in pretty toilets, who used their fans vigorously on account of the heat. The galleries of the Senators and Diplomats were also full. There was a large attendance of Deputies, who eagerly discussed the scene of yesterday. Premier Dupuy and the Minister of Justice, M. Lebret, sat on the ministerial bench.

M. Laloge, who moved the interpellation, rose at 2:25 P. M. and said the hour of action had struck. (Cheers from the Leftists and murmurs from the Rightists and a babel of cries, in which M. Casagnaic and M. Lasies, anti-Semitic, participated.)

M. Laloge asked the Premier if he had been warned beforehand of yesterday's demonstration. He then eulogized President Loubet, who he said, undertook the Presidency in a time of stress. (Loud applause.)

ROYALIST CLUB CLOSED.

The Prefect of Police, M. Blanc, has ordered the closing of the Automobile Club de France, of which the Comte d' Dion, who was one of the ringleaders at Auteuil yesterday, is president. A police commissary thereupon proceeded to the club's premises on the place d' La Concorde and cleared the members out, after which he affixed seals to the others.

Vigorous measures have been taken to suppress demonstrations. Mounted delegations of Republicans have been stationed about the place de La Concorde in the Rue de L'Elysee and in the Rue des Tuileres.

SCENES OF WILD DISORDER.

M. Rioas de La Gentaye, Conservative, representing the second division of Cortes du Nord, shouted, "Loubet is not honest, he is a Panamaist!"

This statement called forth violent protests and shouts of "Order," but M. de La Gentaye persisted, in spite of the uproar, in declaring honest men were arrested yesterday. This was followed by shouts of "Down with Loubet," and a scene of wild confusion ensued. The Leftists shouted at the top of their voices: "Censure, with temporary exclusion."

President Deschanel ordered M. de La Gentaye to withdraw, but the latter refused and the session was suspended, the deputies being requested to withdraw in order to expel the chief anti-Loubet speaker, M. de La Gentaye.

The commanding officer on duty at the Palais Bourbon threatened the Chamber of Deputies with a squad of soldiers and requested M. de La Gentaye to withdraw. The latter waited until many of his colleagues had left the house, then rose and walked out, escorted by the soldiers. There was cheering and counter cheering when M. de La Gentaye appeared in the corridor.

PREMIER SCORES ROYALISTS.

The sitting was then resumed. M. Lagone asked what measures were to be taken by the government in the future, and the Premier replied that after yesterday's incidents his first step was to address a respectful greeting to the nation's elect and to the "firm citizen who was and who remains the guaranty of republican community." (Cheers.)

Continuing, the Premier said that yesterday at Auteuil the advance guard of the reactionary party protested against him and called for his resignation, and proceeded to enlarge upon the "courteousness of such a demonstration against an invited guest." (Cheers.)

The Premier then said: "The representatives of elegance and good taste have given an idea of what France may expect from their idleness and indolence. We know that secret meetings had taken place and that preparations were made for demonstrations.

"We took measures for the President's protection in driving to and from the race course, and nothing occurred on the way—"

Here a Royalist Deputy cried, "You hid him."

M. Dupuy retorted: "No, but your friends hid behind the women."

Protests from the Rightists followed, and M. Lasies, anti-Semitic, cried: "Loubet and Delcasse, (the Minister of Foreign Affairs) hid behind policemen."

This statement was followed by an prour lasting several minutes.

When comparative quiet had been restored, M. Dupuy said: "We stationed police at the paddock with orders to intervene immediately in case of a demonstration, and they did so, though they met with much opposition and protests. I assume all responsibility."

"You have the evil eye," cried M. Lasies, a remark which caused laughter.

M. Dupuy continued: "All the police did their duty, and an individual has thrown himself on the President of the republic, who remained calm. The proceedings at Auteuil were all the more disgusting because they occurred in the presence of foreign representatives. The persons who have been arrested will be examined by a magistrate, who will decide whether there was a conspiracy. We are satisfied the accused are members of clubs which the government has decided to close. Yesterday's demonstrators pretend to represent France in the army, but the public was against them. We are supporters of the Republic, and Republicans do not mix with those who are only borrowed in name in order to better destroy her. They have given us a countersign we intend to uphold. If you give us your confidence, we shall know how to defend our institutions from those who attack them." (Applause.)

Here M. De Cassignale, Conservative, interjected: "The country is sick of the republic. As to the affair which has divided the nation and families, it will yet weigh heavily against you. The stories current, regarding the measures which you propose against the Generals——"

"A certain amount of courage, "exclaimed the Premier, "is required to do what we propose."

"To drag before a high court," retorted M. Cavagniac (the former Minister of War) "your former colleague. You have cause to close the clubs, for the nation is awakening and is only awaiting the right man." Applause.

After further debate M. Meline and his supporters moved the order of the day approving of the Government's action.

DEPUTIES SUSTAIN THE GOVERNMENT.

PARIS, June 5, 5:45 P. M.—An order of the day was accepted by the government stigmatizing the occurrence at Auteuil and approving the declarations of the government. It was carried without division after the first part had been adopted by a vote of 513 to 32 and the second part had been voted by 325 to 123.

MERCIER INVESTIGATION POSTPONED.

PARIS, June 5.—The Chamber, by 299 to 238 votes, decided to adjourn the appointment of a committee of inquiry into the conduct of General Mercier, the former Minister of War, until after the court-martial at Rennes which is to try Dreyfus as a result of the decision of the Court of Cassation.

REPUBLICAN DEPUTIES ARE LOYAL.

The Socialist and Radical Deputies in the lobbies of the Chamber eagerly discussed the measures adopted by the Cabinet and criticised them as inadequate. They demand the closing of all Royalist clubs.

The division with reference to General Mercie caused great surprise.

The division with reference to General Mercie caused great surprise.

The Republican Deputies of all shades of opinion have sent President Loubet an address assuring him of their respectful esteem and of their devotion to republican institutions.

DOW AND MAYOR COMBINE.

Changes in the Police Department Will Go Through.

Dow Agrees to Postpone the Time for Taking Vacation.

Mayor Snow Says Dr. Pardee is His Best Friend.

Commissioner Dow will not leave town.

He has recanted. The police changes will take place Wednesday.

On that morning the Fire and Police Commissioners will hold a meeting, and it is now assured that the question of Chief of Police will be definitely settled, with the probability that the selection of St. Clair Hodgkins will be ratified. There is little danger of another candidate entering the field. There would be no hope of his election. He would have to be a better man than Hodgkins to secure the vote of Mayor Snow, and it is not likely that he would be able to draw the vote of Mr. Clement, who is a strong adherent of Chief Fletcher.

The dark horse would, therefore, have but one vote in the event of securing the vote of Mr. Dow, which of course would be insufficient to secure his election.

An impression obtains that Mr. Dow is strongly committed to Sergeant Peterson for the position of Chief, but that he knows it would be impossible to elect him without the vote of either Clement or Snow, which cannot be secured in either case. It is believed, therefore, that Dow will be satisfied with a compromise of a captaincy for Peterson, and hope at another date to secure the greater plum for his friend.

Mr. Dow has had strong influence brought to bear upon him to have the office of Chief declared vacant and to have Patrolman McCloud appointed to the place. It is stated even that that program would have been attempted had it not been anticipated by the Mayor's action inducing Chief Fletcher to request to go upon the retired list and nominating Mr. Hodgkins as his successor. This action was a surprise to some of Mr. Dow's friends, because it impels him to accept the plan of the Mayor or else take up arms against it. Whether Mr. Dow was in accord with the wishes of his friends who were backing McCloud is not known. He refuses to shed light on the subject, but it is certain that McCloud has no chance of securing the Chieftaincy.

DOW WILL VOTE FOR THE CHANGES.

Police Commissioner Dow made the following statement today:

"I have no intention of leaving town before the next meeting of the Fire and Police Commission. I said I would leave in the early part of the week, but I shall be at the next meeting, nevertheless. I do not know who will be elected Chief at the next meeting. I do not know for whom I shall vote. I don't think it the proper thing to run the police department through the newspapers. The Chief has retired and that leaves him out of consideration. I have not said that Peterson was my choice for Chief of Police. I will not say that I shall or shall not vote for him. I am ready to confer with my colleagues on the Board and vote immediately for Chief—this afternoon, if necessary. I have not conferred with them yet, but I am willing to do so at any time."

MAYOR SAYS DR. PARDEE IS HIS FRIEND.

Mayor Snow was asked today whether a Chief of Police would be elected at the next meeing of the Commission and replied that he thought such would be the case.

"I have only my own vote," he said, "and I do not know how the others will vote on the subject. My mind is made up. I have not conferred lately with the other members of the Board."

As to other changes in the force besides that of Chief, Mayor Snow said:

"I feel and have always felt that if we get a Chief in the Police Department and also in the Fire Department that officer should determine whom he would like to have aid him in the charge of his work without dictation, subject, of course, to our approval."

The Mayor had his attention directed to an article in a San Francisco paper yesterday, in which Dr. G. C. Pardee was quoted as speaking in a disparaging manner of the Mayor, and indirectly charging him with peculiar conduct when he was Auditor of this city.

His Honor refused emphatically to be interviewed on the subject, but he unbosomed himself to a personal friend on the subject. He said that, in view of the intimate friendship between Dr. Pardee and himself no derogatory remarks such as reported could be credited by him, and if the newspaper man credited such a report it should be charged either to ignorance or insanity.

CLEMENT IS HANDED A COLD DEAL.

Police Commissioner Clement was around the City Hall today, but did not call upon either Mr. Snow or Mr. Dow, his colleagues or the Fire and Police Commissioners.

"I am giving the subject of a new Chief little attention," he said. "I shall attend the meeting next Wednesday. I do not know what the other members of the Board are doing. I cannot say whom I shall vote for. I am pleased with Chief Fletcher's work. I cannot move to reconsider the action of the Board respecting the Chief at the last meeting, because I was absent and did not vote in the affirmative on the proposition."

BOTH MEN IN FINE FETTLE.

Fitz and Jeffries Finish Their Hard Work for the Big Fight.

Associated Press Dispatches by the Tribune's Special Leased Wire.

NEW YORK, June 5.—Fitzsimmons and Jeffries have finished all hard work in preparation for their big fight at Coney Island Sporting Club Friday night. Their work from now to Wednesday will be of the lightest kind.

BOTH MEN IN GOOD CONDITION.

Although little attention has been paid to the training of the pugilists, compared with that showered on the work of contestants in previous championship battles, both have put in weeks of hard, conscientious training, and are in good shape.

FITZ SAYS HE WAS NEVER BETTER.

Fitz claims to be as fit to fight a championship battle now as he ever was in his life.

JEFFRIES' MORNING "STUNT."

Jim Jeffries, paced by Ross O'Neil on a bike, walked ten miles on the stone road at Asbury Park, bright and early today. Returning he went to work in the gymnasium, and it was 12 o'clock before he finished. He used the punching bag and wrist machine, jumped the rope, sparred a few rounds, played handball and was rubbed down.

TROUBLE FOR SOMEBODY.

The boiler maker remarked today that when the gong sounded Friday night at Coney Island "there is going to be trouble." He is of the opinion that one of his famous left hooks will settle the champion.

EXCITEMENT STILL RAGES.

More Reports of the San Roque Placers' Richness.

Associated Press Dispatches by The Tribune's Special Leased Wire.

SAN DIEGO, June 5.—A special to the Tribune from Ensenada, sent by J. D. Edmond, a prominent business man of this city, says the excitement at Ensenada is on the increase owing to the well authenticated reports received from the San Roque placers.

These latest news not only confirms previous reports of the richness of the discovery, but also gives still better details of the extent of the gold fields, which are to be much larger than at first reported.

Manager J. H. Packard, agent of the Lower California Development Company, who is at San Quentin, telephones from that place to Ensenada that he has even better news than first reported of the large area of the placers, as well as of their rich yield to crude methods of dry washing.

The steamer St. Denis left Ensenada yesterday for San Roque bay with a full list of passengers, and many who wanted to go were unable to secure passage. She will reach the bay by Tuesday, and the distance to the placers is about twenty-five miles overland. Manager Packard stated in his report that five Mexicans had reached San Quentin with over seventy ounces of dust. They caution all prospectors to be sure and call at Ensenada to take out clearances, as vessels attempting to land without these passes will be confiscated.

The schooner Negus sails tomorrow afternoon for Ensenada and the mines with a large list of passengers from San Diego and many more are here to go. The St. Denis took seventy-eight passengers down from San Diego Friday night. Confidence in the value of the mines has not abated a particle here.

The three outlaws were captured without loss of life, and will be brought to Casper.

GALLANTRY OF SIGNAL CORPS.

Officers and Men Who Distinguished Themselves.

Associated Press Dispatches by The Tribune's Special Leased Wire.

WASHINGTON, June 5.—Reports from the Chief Signal Officer at Manila and from Major A. C. Devol of the Quartermaster's Department, were made public by the War Department today. The report of the Signal Officer sketches in considerable detail the work of the Signal Corps in the islands, and speaks in terms of high praise of the work of both officers and men.

A number of instances are given of rapid work and distinguished bravery on the part of officers in the fight at Caloocan, where the laying of a long line of wire was necessary. A signal office was set up at the extreme front, and was doing business in a few minutes after the action ceased.

In the fight at Tondo an office was opened and doing business in the heart of the town before any attempt was made to put out the fire.

Every command, depot or outpost of the army can now be reached. The officers mentioned for distinguished service under fire are Captain Edgar Russell, Lieutenant Chas. E. Kilbourne Jr., Lieutenant F. H. Bailey, Lieutenant Charles H. Gordon, Lieutenant E. E. Kelley and Lieutenant George S. Gibbs.

Among the men and non-commissioned officers who are especially mentioned are Sergeant Thomas McKinsley, Corporals William F. Schoneman and Fred Schalda, and Private Tracey E. Inman, for repairing a line under heavy fire; Sergeant Dan L. Hopkins, for similar work through a burning village; Corporal Fred Gelterman, for carrying the wounded from the field under fire; Sergeant Emmet R. Jones and William Howser, Corporal Fritz Biebel and Private Allen Forman, for maintaining signals with the navy from Fort Malate while standing up under fire, Howser and Biebel also marking advance line with flags during a charge; Sergeant Paul O. Paulson, David T. Flannery and Private Allen Kirby, for the excellence of their signalling under fire at Caloocan; Sergeant A. N. Maxiner and Private Weir and Prendergast, for long and trying service under fire at outposts, and Private H. E. Young for carrying a message to a blockhouse in the face of a heavy fire.

The report of Major Devol of the Quartermaster's Department relates merely to the number of conveyances, pack trains and saddle animals in service in the Philippines with the troops, the statement being made that they are well supplied for all requirements.

KIDNAPERS INDICTED.

Associated Press Dispatches by The Tribune's Special Leased Wire.

NEW YORK, June 5.—The Grand Jury has returned an indictment in the kidnaping case. It is said that the indictment is against Belle Anderson and James and Jennie Wilson. Judge Newberger refused to allow the indictment to be seen, on account of the persons indicted not yet being under arrest in this county.

Assistant District Attorney McIntyre made public the indictment against Barrow or Wilson and Carrie Jones, this afternoon. The first is against George W. Barrow, alias Mark Beauregard, alias James Wilson. The second is against Addie Barrows, also alias Annie Beauregard. The third is against Jennie Jones. The indictments are in common law counts and charge abduction, kidnaping and conspiracy.

Barrow and his wife waived examination, and were recommitted so that the warrant in the name of Wilson sent by the authorities can be looked into.

Whittier's New Trustees.

Associated Press Dispatches by The Tribune's Special Leased Wire.

LOS ANGELES, June 5.—The newly appointed Trustees of the Whittier Reform School will meet on Saturday next for the first time. It is programed now that Dr. Walter Lindley shall succeed Mrs. Adina Mitchell as president of the board, and that Sherman Smith of this city shall be appointed Superintendent of School in place of Superintendent Van Alstyne.

ADMIRAL KAUTZ AT HONOLULU.

He Will Arrive at San Francisco Late This Month.

Associated Press Dispatches by The Tribune's Special Leased Wire.

WASHINGTON, June 5.—The Navy Department has received the following cablegram from Admiral Kautz, dated San Francisco, June 3:

"The department cable of the 18th inst. received. Will instruct the commander of the Badger to send the Brutus to Honolulu as soon as she can be spared. Expect to sail from here on the 21st with the remains of Lieutenant Lansdale and Ensign Monaghan. Will probably reach San Francisco June 25th."

This dispatch was evidently brought into San Francisco by steamer, and is therefore about three weeks old. According to Admiral Kautz's program he is probably now at Honolulu. The run from Honolulu to San Francisco is about eight days, so that he will probably be there for some time before sailing for San Francisco, as he makes the date of his arrival there June 25th.

OUR DISPUTE WITH CANADA

Associated Press Dispatches by The Tribune's Special Leased Wire.

WASHINGTON, June 5.—While the Department of State has acceded to the request of the British government for permission to publish in Canada and England part of the protocols of the Joint High Commission, which related to the proposed arbitration of the Canadian boundary question, it has done so, it is stated, not because the particular protocols are believed to convey an accurate understanding of the present state of negotiations, but as a matter of diplomatic courtesy.

These protocols are of no contemporaneous interest, it is said, relating as they do to a phase that has been so modified by subsequent negotiations as to be now of no importance. The manner, however, in which this fact could be made to appear officially, and the State Department's contention established as to the responsibility of Canada for the failure of the arbitration proposition, would be by the publication of the correspondence and the verbal exchanges that have occurred since the commission adjourned.

But this the department is unlikely to attempt owing to a sincere purpose to find a solution for the present difficulty and a belief that this would not be now facilitated by publicity.

Broke Pretty Widow's Heart.

STORY OF A MILKMAN WHO MARRIED THE OTHER GIRL.

The preliminary hearing of Victor Borba, charged with felony was begun this morning before Judge Stetson, sitting in the Police Court for Judge Smith. The defendant is in the employ of the New Jersey Creamery at Tenth and Market streets. The complainant is Edith Banckier, a pretty young widow who makes her living by dress making. The woman testified that she was residing in the Luther Block at the corner of Market and Seventh street and that Borba used to leave milk at her rooms. Forba saw her one Sunday afternoon and asked her to accompany him to the Dewey Theater and she complied with request. He took her to the theater and several other places of resort. She says he promised to marry her. Later, she stated, Borba refused to keep his promise of marriage with her and finally he went away and married another woman. Witness declared that she placed confidence in Borba's promise and when he refused to keep his word it nearly broke her heart. The witness further stated that her first husband died about three years ago. She had been married to him six years. The result of the union was a child three years of age.

ONE OF THE SMOOTHEST WORKERS IN THE WHOLE TOWN.

STORY OF A MAN WITH A STAR WHO KEPT DETECTIVES ON THE RUN.

Charles S. Parker, a man who has for some time followed the race course, is disgusted with the police, because they have seen fit to deprive him of a symbol of authority in the shape of a star which he requested to be permitted to wear when arresting a couple of train robbers for a crime committed several years ago. The star was taken away from him under Chief Fletcher's orders, because the Chief ascertained that Parker had a faculty for inventing crimes and running down criminals which would have brought him fame and fortune had it been utilized within the covers of a dime novel.

Saturday he rushed into the City Hall and told Captain Wilson that two of the bandits who had robbed a San Francisco train near Mussel Slough several years before Chris Evans became known to fame were in this city. He had seen them a few minutes before. He knew them well. One was named Isham and the other Potter. Parker was a witness of the robbery. He had attempted to arrest the fellows, and according to his story got shot in the groin. The robbers succeeded in getting away, but he was constantly on their trail, and now, at length, he was able at last to turn them over to justice.

Word was sent out to the detectives who were on the street to have them take the next car and make all haste back to the City Hall to pull in a brace of train robbers.

Detectives Holland and Quigley, who were at Seventh and Broadway, rushed back to the City Hall. Parker had just left, having been given a star and empowered to run down his game.

The detectives were sent in search of him and found him in a saloon on Fourteenth street where they asked him about his quarry of robbers. Parker talked with a great deal of sincerity. He said he had been running after them all the day that he was just getting his first rest and little refreshment. As to the appearance of the alleged robbers, Parker gave half a dozen different descriptions. At one time he saw them on the street, at another they were showing Colonel Bronwell's residence with the intention of breaking into it at night, and again the fellows were boarding in his house, 2428 Magnolia street.

Parker kept the detectives running all day and then turned out to be a fakir. He has duped a number of people.

TALE FOR WOMEN TO REMEMBER.

HAVE YOU EVER LOST YOUR PURSE?

Mrs. H. M. Stone told a story to the police with a heavy heart last Saturday afternoon, but this morning she recited a different phase of the episode and left the City Hall with a feeling of elasticity. She told on Saturday of the losing of a wallet containing a check for $350, a draft for the same amount on a New York bank, a gold ring and $25 in gold. She could not tell where she had lost it, and she begged in an earnest manner that the police would aid her in her search for the treasure. The police were at a loss to know where to find the missing valuables, but suggested to her that she search her house carefully and report the result this morning.

Mrs. Stone resides at 1220 Seventh street. She returned home, obeyed the injunction of the officers and succeeded in finding the purse in a corner of a room, where it was hidden from view by a piece of furniture.

The discovery caused a great deal of pleasure, and this morning Mrs. Stone made known her good fortune to the Chief. She was unable to explain, however, how the purse had gotten into its place of concealment.

JUST A FEW FISH STORIES.

The large numbers of fish that annually come into the bay and San Antonio creek from the Sacramento river have made their appearance this year. Numberless schools of fish are to be seen in the water about long wharf. Salmon and bass is the chief variety at present, although smelts, tom cods and other kinds are also plentiful.

Fishermen and sportsmen are taking advantage of the exceptionally good fishing that may be had from the wharf. The lower end of the wharf is daily crowded with people, so that to secure a place to cast a line one must be on the scene early in the morning.

The sport is excellent. The fish are very hungry and will bite at anything that has the appearance of food. Tons of fish are being caught daily. The old style of fishing with a rod line has been discarded. A trolley line with heavy sinkers is now used. A line with heavy pieces of iron attached is run out to a certain distance and attached to a buoy. On this line is another with hooks. When the lines are hauled in the catch is so heavy frequently that a net or gaff is necessary to land the fish.

There is also an excellent opportunity for the trout fisher. The bass are of various sizes from a few ounces up to 5 pounds. The trout fisher has ample opportunity to allow one of the large fish play in the water before it is finally landed. The largest fish landed this season weighed twenty-three pounds.

SUPERVISORS TRANSACT BUSINESS.

Two New Members of School Board Are Named.

Many Reports Are Received and Acted Upon.

The meeting of the Board of Supervisors this forenoon, was limited mainly to routine business. There were present Supervisors Wells, Roeth and Church, Supervisor Mitchell being absent in the Yosemite and Supervisor Talcott at Bartlett Springs.

MAJOR HEUER.

A communication was received from Major W. H. Heuer of the United States Engineer's Office stating that he is directed by the Chief of Engineers to inform the Board that the time for the completion of the Webster street bridge has been extended to October 1, 1899. The time for the removal of the Alice street bridge has also been extended to November 1, 1899.

Accompanying that was this communication from W. G. Curtis, through Supervisor Roeth:

"Referring to your letter of April 18, 1899, requesting this company to make the necessary arrangements with the Secretary of War, to the end that highway traffic under the direction of the Board of Supervisors of Alameda county may be carried on over and upon the so-called Alice street draw bridge, over Oakland harbor, up to October 1899, I have the honor to inform you that the desired extension of time has been granted by the Secretary of War."

JORDAN'S BILL.

A number of drilling bills reported adversely by the Finance Committee were disallowed, the most interesting among them, as well as the largest one by County Clerk Jordan for $7.70 for expenses incurred in registration, was exempted from this process and made the topic of a little debate.

Clerk Jordan expressed the hope that the Supervisors might be induced to authorize that payment. He was willing and glad to have his office meet all the expenses that could be justly required of it, but he had been at large expense for registration which might well be assumed by the county. He narrated the fate of a bill to that effect in the Legislature, recalling that the Senate passed it by 27 to 0, and the Assembly by 57 to 1. While it was in the hands of the Governor recommendations for its passage were sent to that official by many of the most prominent citizens of the county, some of whom he named. This bill was referred to the District Attorney in order to ascertain if the Board could legally pay it.

NUSBAUMER'S REPORT.

A report from Surveyor George Nusbaumer on the present condition of the Lane road was made by him in person at the instance of the Board. He stated that it is in the same condition in which it was three months ago, the washings of the last rains having been repaired by the contractor, E. D. Lane. But it was not in condition to be accepted. The specifications required that this road should be fourteen feet wide on solid ground, whereas in many places it was only ten feet wide, the edges being sustained by brush. "The road is not in a condition in which I can accept it under the specifications," said Surveyor Nusbaumer.

Supervisor Roeth wanted to know whether the lapse of the extended time for the completion of this road affected the responsibilities of the bondsmen. Some discussion was had on this point, when it was decided to send for the records to ascertain the history of the extensions of this work.

District Attorney Melvin was at the same time sent for. It was ascertained that the contractor was granted an extension of thirty days on December 31st and of thirty days more on February 6th. District Attorney Melvin gave the opinion that the Board might grant extensions of time without releasing the bondsmen, and was inclined to the opinion that an extension might yet be granted, although the period in which the work should have been completed had expired. He also said that official notice of extensions to bondsmen was not necessary in order to prolong the life of their responsibility. On motion of Supervisor Roeth the time for the completion of the so-called Lane road between this county and Contra Costa county, officially known as Road 2935, be extended to July 3d and that the contractor be notified to complete it by that time, also that he be cited to appear before the Board at its next meeting to show why the road had not been completed within the last extended time.

CONDOLENCE.

Resolutions of condolence on the death of S. F. Ayer, Supervisor of Santa Clara county, were adopted nd ordered to be sent to the county and to the family of the deceased.

FOURTH OF JULY.

An application for aid for the Fourth of July Committee was presented. On the motion of Supervisor Wells it was referred to the Committee of the Whole, to be taken up on the 3rd of July, the earliest date on which the Board would have funds to go appropriate.

EMERSON'S REPORT.

The report of H. W. Emerson, Health Officer of Alameda County, for May showed thirty-two cases of scarlet fever in Mission San Jose, with four deaths, and that measles are also prevalent in that vicinity.

SCHOOL BOARD.

J. H. Eickhoff and H. C. Petry, were appointed members of the Board of Education, each receiving on a separate vote the votes of all the Supervisors present.

By vote the Clerk of the Board was requested to present the schedules for contracts of the Board for the consideration of which it was decided that the Board should meet in Committee of the Whole on Thursday, June 8th, at 10:30 A. M.

ROUTINE.

The Treasurer's report was placed on file.

The matter of drafting resolutions of condolence and respect upon the death of the wife of Superintendent of Schools Crawford, was referred to Supervisor Roeth.

Reports were received from E. B. Bullock, County Expert, W. J. Keating, in charge of the insane department of the Receiving Hospital, from R. F. Stratton, Surgeon of the Receiving Hospital and from J. R. Talcott, Supervisor of the Second District, showing that 138 indigents in May had been assisted at an outlay of $170.50.

Applications for assistance were made by two women and John Churchill was authorized to go to the Receiving Hospital for surgical treatment.

Applications for licenses to sell liquor were received and referred to the Judiciary Committee from Frank P. Mattes of Alvarado, from Charles Harrison of High and East Fourteenth streets, from the San Francisco and San Joaquin in Tesla, from Joseph Herrscher of Mount Eden and From A. W. Lane representing the Leona Heights bar.

The Board adjourned until Thursday, June 8th, at 10 A. M.

HUNTER'S ALLEGED THREATS

Associated Press Dispatches by
The Tribune's Special Leased Wire.

LOS ANGELES, June 5.—The defense in the Alford trial has begun, and witnesses have been examined all morning to prove that Attorney Jay E. Hunter, who was shot and killed by Alford had previously to the killing been making threats against Alford's life. One witness testified that Hunter had told him that he would "fix" Alford, if he did not stop persecuting him, and another witness testified that Hunter had stated that he would break Alford's head.

The defense will devote its main effort to showing that Hunter had not only threatened Alford, but that at the time of the fatal meeting he really attempted to put his threats into execution, and that Alford shot in self-defense.

Associated Press Dispatches by

LONDON, June 5.—At the anniversary of the Royal Geographical Society this afternoon the United States Embassador, Joseph H. Choate, presented the medal awarded to Sir John Murray, who is a naturalist and chronicler of the Challenger expedition, by the American Geographical Society.

The Embassador expressed his full sympathy with the object of the American Society in awarding the medal. The American society, he added, had for many years emulated the Royal Society and had accomplished much itself. The Embassador then dwelt upon the work of Sir John Murray and said science, art and literature form today links which perpetuate the friendship now existing between the two countries.

TOLD COURT HE IS ALIVE.

How R. Abraham Managed to Save Estate.

Judge Hall this morning issued an order setting aside the probate proceedings which had been instituted on the estate of R. Abraham of Coulterville.

W. H. Knight had been granted letters of administration on the estate, which had not been claimed for years. Mr. Abraham had withdrawn a large sum of money from the Union Savings Bank, but had forgotten about the interest. It was not until the court had declared him legally dead and Mr. Knight was administering his estate that Mr. Abraham learned of the money still due him.

This morning he appeared in court with his attorney, Charles Helsen Jr., and convinced Judge Hall that he was pretty much alive. The order was then issued revoking Mr. Knight's letters of administration.

NEARLY LOST HIS LIFE.

John Fox, a butcher residing at Piedmont, had an exciting experience Saturday afternoon which came near costing him his life. He was driving home in his delivery wagon with a spirited horse. As he was driving down the grade leading to the quarry, one of the reins got caught.

The animal at once took fright and dashed wildly down the incline. Arriving at the bottom the horse fell and the wagon turned over. Fox was thrown in the air a number of feet. He struck the ground on his side several feet away from the entangled horse and wagon. His hip was fractured by the fall and his forehead was considerably scratched. The patrol wagon was summoned by some men who had witnessed the accident and Fox was removed to the Receiving Hospital, where Dr. Rowe treated his injuries. The horse was not badly injured. The wagon was wrecked. Fox is 66 years of age.

ROUGH RIDER ON THE STAND.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

HILLSBORO, N. M., June 5.—In the Fountain murder trial Major W. H. H. Llewlyn of Roosevelt's Rough Riders, and former Speaker of the Territorial House of Representatives, was put on the witness stand for the prosecution this morning. He directed the investigation of the Fountain murder case.

"Colonel Fountain was my personal friend, and I never knew a more affectionate family than his," he said. "I was requested to organize a searching party, and found the abandoned buckboard. We followed the trail of five horses from there to Colonel Fountain's last camp, where we found blood and the prints of a child's right shoe. We followed the trail of five horses, until it was obliterated by a herd of Lee's cattle being driven toward his ranch. On the other side of this herd was a man riding away very fast.

"Men measured boot tracks about the spot where blood was found. One snow-of the boot heel badly run over on one side, and its counterpart was easy to recognize later when I found it on the adobe roof of Oliver Lee's house.

"I also recognized the track made by William McNew in Las Cruces, later, as the one about the blood in the camp. In this camp was Colonel Fountain's valise containing copies of indictments recently found under his prosecution, which had been looked through."

After relating the details of the search, Major Llewllyn said he thought one horse's track leading away from the scene of the blood was the same as the one going to Lee's ranch.

The young girl has been kept at the Receiving Hospital until a place could be secured for her at Glen Ellen.

ONE MAN ANSWERS THE COUNCIL.

By THE EDITOR.

Just one week.

Exactly one reply.

It is now just a week since the City Council invited citizens to express their views on certain important questions relating to Oakland's public policy.

Those questions were eight in number.

They involved some of the most important measures that could be contemplated by any community. Some of them were alternative and some were in a way supplementary to others. But, taken as a whole, they presented the steps upon the direction and the determination of which in a very large degree the future welfare and repute of the city of Oakland and the case of mind of taxpayers depend.

In reply to this invitation the City Council has received word from only one citizen.

Due honor to that citizen. Let his name be mentioned. It was—

O. G. Gibbs.

But where are the nine? Where are the ninety and nine?

Surely there must be more than one member of this community who pays taxes, who has an interest in its progress and repute, who cares whether it has a new City Hall, whether the present City Hall and site shall be sold or not, and if sold, upon what terms.

Yet the City Council has no evidence of that fact.

Mr. Gibbs, all honor to his public spirit, is the only mouthpiece of the public opinion which this body of public servants can consult.

What then?

Be it known unto you, all ye the rest of the citizens of Oakland, that you have thus, in all logic and reason, forever cut yourselves off from participation in the counsels of the Council on these matters.

The Council, now, may sell the City Hall or paint it, may sell its site for a million dollars or for a quarter of a million, may make parks or let them run wild, with impunity so far as you are concerned.

You will have no cause to complain, no right to say anything.

You have had your day in court.

You have thrown your chance away.

You have neglected to speak when you could for the good of the town.

You, now and henceforth, may hunt your holes and stay there.

LET US BE TRUE TO M'KINLEY.

MILWAUKEE, Wis., June 5.—The Journal today publishes an interview with General Henderson of Iowa, in which he expressed gratitude for the efforts of Wisconsin Congressmen in his behalf as candidate for the Speakership. In regard to the reports that he is an anti-imperialist, General Henderson said this is not the time for individuals to fix policies.

"See where we are," said General Henderson," and then see whether it is reasonable for us to attempt to anticipate the conditions which time brings. We are now in a period of transition and readjustment and Congress will not meet until next December unless, which is not likely, there should be an extra session.

"What we all should do at this time, is to steadfastly support President McKinley. As the chief Executive he is in possession of hourly acquired information as to the ever-changing conditions. This, he in time will give over to us, I have no doubt, and in the meantime I believe the duty of us all is to give him our firm, loyal support. This is all I care to say—in fact I have said more than I intended saying."

DECOTO.

DECOTO, June 5.—There was a wedding at the Masonic Home yesterday. Miss Yole Perelli, niece of Esteran Cerrero de Bernedo and Emanuel Quille of Halfmoon Bay were married at the Home. The marriage license was issued Saturday under somewhat peculiar circumstances, since it was inconvenient for Quille to leave his post of duty at the Home to secure the license in person. So he wrote to County Clerk Jordan a few days ago, giving him all the facts to be incorporated in the coveted license, and more, too, asking that it be immediately sent him. Equal to the emergency and always willing to accommodate the matrimonially inclined, Clerk Jordan sent a deputy, Jackson Crooks, to Decoto as a cupid on wheels with an affidavit to issue the license so that the ceremony might be performed without a hitch yesterday.

Yosemite = Valley

This Wonderful Creation of Nature Is Now at Its Best

Just what that means, however, the ablest writers and the most talented artists have been unable to tell us. They have written volumes and have painted the very heavens in their efforts to do the subject justice, but in despair have finally exclaimed

GO AND SEE FOR YOURSELF

Now that's good advice. You will find there a narrow crooked chasm seven miles long, with rugged battlemented walls 10 times higher than the highest building. You will find water-falls leaping from vertical cliffs 10 times higher than Niagara. You will see mountain parks studded with every variety of forest tree and flowering shrub. You will see thundering torrents, roaring cataracts, beautiful lakes, inspiring skies, brilliant rainbows, a wealth of ferns and plant beauty, and all the birds of the air bursting their very throats in song for the pure ecstacy of living.

The Trip Has No Hardships

You go in a luxurious sleeping-car to within 65 miles of the Valley, and the remainder of the way in comfortable coaches over a fine turnpike.

Hotel rates in the Valley are from $2.50 to $4.00 per day and the charges for guides and saddle animals vary from $2.00 for a trip on the floor of the Valley, to $4.00 for an all day tripup the difficult trails.

The side trip to the famous

Mariposa Big Trees

is $2.00, and should always be included.

M. E. DeCora, (Seventh, near Broadway,) *Southern Pacific Agent, will tell you all about Ticket Rates and Train Movements. He will also give you a folder containing other information about Yosemite.*

MONDAY .....JUNE 5, 1899.

That discovery of a skeleton in an old building at Alameda should not create so much surprise. There are lots of them hidden away in family closets over there.

The prospects that our California boys will be home in time for the Fourth of July grow "small by degrees and beautifully less" each day. That dispatch sent out from Manila ten days ago to the effect that they were then in the act of embarking on the transports must have been a case of the wish being father to the thought.

If the rest of the States treat their trusts the way California has the one that bobbed up here, there need be no occasion to fear them. Our home-born organization—the Pacific Coast Cracker Trust—went to pieces within four weeks of the date of its inauguration, leaving $75,000 of the money of its Eastern promoters in the pockets of local people.

The stories they are telling about what a good little boy Dewey was, how he never threw paper in the streets, and always kept his hands clean, look like an attempt to work up a rivalry to George Washington as the model American youth. It is not often that an opportunity arises to hold up as an example an ideal Sunday school boy, so habus will be put around Dewey's head thick and fast unless some evidence in rebuttal puts in an appearance.

The notification from Washington that the slaughter of the seals is to stop is evidently an outcome of the vigorous crusade waged in behalf of the seal lions since the order authorizing their extermination was issued. The argument that has reached the hearts of the officials is probably the one that before California was settled, when the seals were left to their own devices, the waters were teeming with far more fish than is the case now. Furthermore, individuals of the "Smithsonian" brand do not like the idea of the seals being wiped out as have been the buffaloes, Indians and every other native we have run across.

DANGEROUS CRIMINALS.

The mysterious theft of a chest of gold from the steamship Alameda can, with justice, be stamped as the work of master hands, for the mind that could conceive and execute so daring a project can scarcely be credited to the average run of criminals. The striking similarity, too, of the robbery to that occurring on the same line a couple of years ago, and also to the theft of a box of gold en route from London to Paris four years since, creates the presumption that they were either all conducted by the same guiding hands or else by those conversant with the original plan.

Although the combined energies of the Australian and American detective forces are being centered upon this latest mystery the clews are so indefinite—for the disappearance savors of one of Herrmann's "vanishing lady" tricks—that it is not likely that aught will come of the investigation, except by accident. The trouble is that when a high-class crime, such as the present one, is committed, it is planned by criminals of a superior grade of intelligence to that of the men who are sent to catch them, so it is not surprising that the detectives are outwitted. First and foremost is the handicap that the criminals know the men who are seeking them, whereas the officers are in ignorance regarding the identity of the operators. Then there is the fact that criminals capable of carrying out so clever a plot are well able to arrange the details necessary for covering up their tracks. Unless, therefore, a clew is obtained by mere accident the chase in a case like this is almost certain to be futile, as it proved to be in the instances of the other steamship robbery and the Paris affair.

Where is the remedy? may be asked. There practically is none. As long as shrewd, intelligent scoundrels measure their wits with those of honest men of an inferior mental grade, the weaker must suffer. The only resource is to hedge around the scenes of probable operation every possible precaution, and then to use eternal vigilance. And it is not so one-sided a proposition, after all, for the records show that sooner or later every criminal comes to grief, no matter how clever or how careful he may be. The law of compensation is often slow and roundabout in its workings, but it never fails to reap its harvest.

CURES FOR CONSUMPTION.

While in one sense it may be said that the International Tuberculosis Convention, recently concluded in Germany, has been unproductive of result, at the same time many of the developments are of exceeding value in their bearing upon research and the furtherance of the one grand idea.

That the day will eventually come when the medical profession will discover a means of successfully combating the dreaded bacillus that yearly sends more people to the grave than all the other forms of disease combined, seems morally certain in view of the progressive nature of the many experiments that are being made. Having satisfied themselves that there is some antidote for the trouble, it is at least in the probabilities that the combined medical talent of the world, with its energies all bent on the one issue, should be able to solve the great problem sooner or later.

Meantime it has been satisfactorily determined that consumption is not necessarily transmitted as a hereditary taint, and though those born of affected parents are more susceptible to the disease than others, it can with care be avoided. Regular habits, favorable climatic influences and constant watchfulness against those ailments that are the natural forerunners of the trouble will ward it off, while so far as those already suffering from it are concerned, consolation can be offered in that the medical world is undoubtedly upon the eve of discovering the long-sought remedy. The nineteenth century could go out amidst no greater blaze of glory than if, ere its close is reached, the grand task in consummated of vanquishing the deadliest foe that mankind has ever been called upon to face.

Berkeley cannot afford to stand in her own light as regards the upper part of Telegraph avenue being a public highway. She should be far more interested than anyone else in having it that way, so the objections to the improvement of the thoroughfare should be squelched without further ado.

DIAMOND STUD FOR CHAS. GILES.

A few days ago the employes of the Contra Costa Water Company presented a handsome diamond stud to Charles Giles. Mr. Giles has been superintendent of the company since it first started and on this gift the employes sought to show the respect he had won from them. He is now leaving the company to go into the mining business for Mr. Dingee.

Eloquent Preacher.

The Rev. A. B. Winchester of Victoria, B. C., who is to preach in the First Presbyterian Church, this month, in the absence of the Rev. R. F. Coyle, preached his first sermon in that church last evening on the text, "And ye will not come to me that ye might have life."

The sermon was an eloquent and earnest plea for Christian life.

STARTING A REVOLUTION.

"Speaking of these periodical Central American revolutions," said an old timer, "did ye' ever hear that story about Billy Bartell? No?" he continued, glancing around the group. "Well, it was like this: Bartell was down in Honduras in '79 mining at a place on the Choluteca river, and was doing first rate. He tended his own business strictly, kept out of all plots and schemes and got solid with both the Government and natives. Such being the case he decided the second summer he was there to give a big Fourth of July banquet to all hands.

"So he had the grounds around his hacienda decorated to beat the band, set long tables under the trees and invited everybody in the department to come and have a good time at his expense. Of course a native Hondurancan doesn't know any more about the Fourth of July than a pig does about algebra, and Bartell concluded to make his guests a nice speech sort of explaining the nature of the occasion, so they would understand why it was a big feast day in his country, and winding up by reading the Declaration of Independence. Well, there was a tremendous crowd on hand, enthusiasm was unbounded, and things were going as fine as a fiddle when Billy got on a table to make his speech.

"The first part of it was received in silence, for he wasn't an overly good Spanish scholar, and the most the people could make out was that there had been some sort of tyranny on and that somebody had been badly oppressed. But when he plunged into the Declaration they pricked up their ears, and before he had rolled off two sentences he was interrupted by deafening cheers. 'Bueno!' they yelled; 'Down with the Government!' 'Viva el Super Liberator!' Bartell was thunderstruck.

"He couldn't understand, but when they thronged around him, kissing his hands and howling, 'On to Tegucigalpa!' it dawned upon him that they had mistaken his innocent pronunciamento. They wouldn't listen to his horrified protests, but rammed a machete in his fist, clapped a ridiculous cocked hat on his head and swept him along with the mob, making straight for the capital. How did it turn out? Why, the President got the news, raised down a native regiment and rounded out on the whole gang before night.

"Poor Billy was locked up incommunicado for a week and sentenced to be shot. The case against him was perfectly clear. He had invited the whole countryside to his place, primed them with whisky and then made a red-hot revolutionary speech, winding up by declaring a new administration. However, the American Consul interfered and eventually they decided to let him off with perpetual banishment and the confiscation of all his property. He is now a section boss on a railroad in Kansas."—New Orleans Times-Democrat.

INSULTS TO THE COUNCILMEN.

COUNCILMAN SCHAFFER SPEAKS FRANKLY ON THE CONDITION OF AFFAIRS.

By LOUIS SCHAFFER.

So far as the present saloon agitation is concerned, it is simply repeating an old story. In 1894, when Mr. Dalton, Mr. Bernard and several others, as Councilmen, labored under the impression that the laws regulating saloons were being extensively violated in Oakland, they, after consultation with myself as Chief of Police, made a tour of inspection of all places where liquor was sold. But we made that inspection in the daytime, when we could see everything thoroughly and with our eyes open.

At its conclusion, those Councilmen were satisfied that they had been misinformed, and that agitation for one room and against the side door was dropped. The plan of Councilmen Rowe and Stetson to tear down saloon screens I consider silly, because it is unnecessary and is a violation of personal as well as of property rights. You might just as well try to make a restaurant customer eat his meal on the curbstone.

I believe that these reformers simply take the view of the saloon question, while, as Councilmen, they ought to consider the rights of all classes, not only saloon keepers, but the landlords of saloon keepers and the property owners and taxpayers and individual citizens at large.

Councilman Stetson I believe to be honest in his views on the saloon question, but he has had no practical experience as a business man coming in contact with all classes of people, therefore he sees only one side of a question that has many sides. As for Mr. Girard, he has expressed himself as unalterably opposed to saloons and has promised to vote against them because they voted against him. It is hardly to be expected that he is in a frame of mind to learn anything from facts on this subject and be brought to reason.

There is not in the Common Council today the harmony that there might to be. It is not by any means the happy family that it is in some quarters alleged to be. Some of its members, I regret to say, in their debates, do not extend those courtesies which are due from one Councilman to another.

Mr. Rowe's menacing of Mr. Taylor was an instance, and Mr. Stetson has grossly insulted Mr. Mott three or four times. I trust that these gentlemen and others will presently see the errors of their ways and restrain their intemperance of speech.

How the Boys Robbed the Berkeley Baptists.

Sacrelligious small boys have convulsed Berkeley society generally, and panic reigns in religious circles. Last week the ladies of the Baptist Church there arranged an ice-cream festival which, in the ordinary course of events, would have been chronicled in the society columns of the local papers as "one of the most brilliant affairs of the season." Among those present, however, were several small boys, who, with the shrinking modesty that abhors ostentation of any kind, came early to avoid the rush. By a singular coincidence, they as timed their arrival that there was no one else in the church. There being no one to wait on them, the young marauders proceeded to help themselves to the ice-cream. The average small boy's capacity for the consumption of this brand of refreshments is practically unlimited, and had it not been for the timely arrival of some of the ladies, who came to put the finall touches on the tables, the guests would have stood about as much chance of getting any ice-cream that evening as a rabbit has for his life in a coursing park.

As it was, however, there was enough saved from the wreck to go around among the guests, but with such an example of youthful depravity before them, the church organizations of the University town are quaking with fear lest the young scoundrels kidnap the lone oyster that coyly lurks at the bottom of the average church social stew.

JUST A WORD FOR WORKERS.

LET EVERY EMPLOYER READ AND BE WISE.

Every worker should have a vacation once a year.

More and more this truth is dawning upon the perceptions of the American people.

Within the memory and observation of those now living and still young, the character of the American people has undergone a notable modification for the better.

This, it is to be seen, has come through the multiplication of our holidays, the shortening of the labor day and the spread of out-door sports. Our business men are better business men, our women are better wives and mothers and our girls are better fitted to take care of themselves as well as of the rising generation, by reason of the more general apprehension and application of what Professor William James, the great philosophical authority of Harvard, calls "the doctrine of relaxation."

But our yachting, our polo and golf clubs, our baseball and football matches, our bicycling habit and our elaborate trips to Europe and to mountains and sea-coast are not enough.

The great reform and the great still needed improvement in the American people's tone and capacity for living and for working, depends upon the more general adoption of the vacation as an institution.

Wise employers are beginning to perceive this. Self interest, as well as commendable philanthropy, is teaching them the advantages of according to every worker the yearly summer two weeks' vacation, as a matter of course and right, as something to be enjoyed in anticipation as well as in retrospect, as a fine and generous courtesy to brighten and exalt the relations between the employer and the employed all through the year.

Besides this very great moral effect, and besides all the obvious benefits to the recipient of this stated respite from life's daily routine, it is a fact capable of demonstration, having been so often proved, that any set of workers in a manufacturing or business establishment will give more service in a year, and better service all through the year, as a result of the annual two weeks' vacation.

FOR THE POLICEMEN.

A COP EVERY DAY--YOUR NAME NEXT.

Captain Del Wilson has been longer in service on the police force than any other member. He has been a policeman in this city during the past twenty-nine years. Captain Wilson is 55 years old. He knows all the ins and outs of a police department, and is looked upon as a very competent officer. There is never any talk of removing the captain. He attends to business and does his duty and has no aspirations to rule the department. In short, Captain Wilson is every inch a policeman. He is married and has a home in this city. In politics he is a Republican.

STREET CAR MEN.

PETER G. BAIN'S VIEWS--YOUR TURN NEXT.

The street car men must have a chance in life. Peter G. Bain is a conductor on the Telegraph avenue electric line. He is 45 years old and has been a street car man for two years. He knows his business and a good deal about other people's business. The life of a street car man is not replete with smiles. Don't jump on him because he does not do what you want. Remember he has his orders from the company.

When asked if the work is not monotonous, Mr. Bain said: "Yes, of course, but I don't think it more monotonous than most other kinds of work, clerking for example. Then, there are plenty of chances for a good laugh almost every day. For those who can see the laughable side of these chances we suppose it is sufficient to make up for the incidents that are not laughable but maddening."

Your name will be up tomorrow.

Chief Fletcher Says That Perhaps Its for the Best.

ance by Police Commissioner Dow that whether he had been given any assurance by Park Commissioner Dow that he (Dow) would vote with Commissioner Clement at the next meeting of the Board, to reconsider the action of that body in granting Chief Fletcher's request to be placed on the retired list.

"Mr. Dow," said the Chief, "was offended because I stated in an interview in the Tribune that I ought to have beaten him for Commissioner at the last election. I told him it was true that I had said so. But I had promised to help him, and I kept my word. He has not told me whether or not he will take any further action in my case. Mr. Dow is not a man who jumps at things. He wants to look them over. He is now considering the matter. I'll be able to live anyway. It may be for the best. They say that whatever happens is for the best. When a man dies, they say it is for the best. When Archie Majors gets shot to death some time this month in Utah, they will say it will all be for the best. Perhaps this is the best for me."

WORDS TO THE REV. C. R. BROWN.

IS IT YOUR DUTY TO ACCEPT THE CALL TO STANFORD?

Shall Rev. Charles R. Brown accept his call to Stanford?

It all depends upon whether he ought to.

It is a particularly nice balancing of duties.

There are calls and calls. In this instance there are calls in opposite directions, both possessing merit and appealing to the highest motives.

Undoubtedly the pastor of the First Congregational Church will decide this question according to his own conscientious judgment as to where his ministries will do the most good. No other consideration could swerve him. It will not be with him a matter of taste, or inclination, or ambition, nor yet of personal affection, either toward his friends at Stanford University or toward the people of Oakland, whom his earnest and happy ministry has moulded into a church of constantly increasing activities and influences for good.

There can be no appeal, therefore, in this matter except to Mr. Brown's conscience. The mass meeting of the church and congregation which Mayor Snow, as chairman of the trustees, has summoned for this evening will do well to remember this.

There are these three reasons, must apparent and inclusive of many others, why the Rev. Charles R. Brown should not go to Stanford.

Oakland heeds him.

Stanford does not need him.

Congregationalism on the Pacific coast requires that he should continue in Oakland at its head.

The situation of the First Congregational Church, although prosperous, is critical, in the sense that it is only on the threshold of an immensely expanding work. The outward manifestations of this fact, which are too many and too obvious to be here enumerated, are only indices and measurements of the vast amount of spiritual service to this community and to unnumbered individuals, which this church under its present impulses is prepared to and is beginning to render. To change those impulses, in the best event, would be the cause of great moral detriment and loss.

The university at Palo Alto, on the other hand, can get along without Dr. Brown. His presence there would certainly be an advantage and a luxury, but there is no reason to suppose that all the spiritual interests of that student community would not be as surely and well subserved by some other than Dr. Brown, whom now it has ample resources to command.

The cause of Congregationalism on the Pacific coast, which Mr. Brown as well as his people must regard as identified with that of the spiritual kingdom to which they belong, can ill spare at this time the removal of its youngest, its most vigorous and most consecrated pulpit exponent.

Twenty years from now, or possibly in ten years, Oakland and this church might be able to give this pastor to Stanford; but not now.

THE ROUNDER.

"Do you see those nail holes on the City Hall?" said George Carleton, City Electrician, good story teller, mine owner, inventor and man who never grows old. "Well, every one of them is a disgrace to the city. You see that clock on top of the City Hall. Well, that clock was presented to the city by the late Dr. Samuel Merritt, and it cost him $1,000. What did the people say or do? Why, they cussed the old gentleman and said that it was no more than he ought to do for the city. Dr. Merritt made Lake Merritt. He built that dam across Twelfth street at his own expense. Talking about the City Hall, though, recalls the fact that the City Hall lot was bought for $17,500, and a bigger row was made over that purchase than would be now if the property was sold for over half a million dollars. Washington street cut through and a new City Hall built. Why, the kickers would come up here to this place like a lot of alligators with their mouths wide open and make Rome howl. But these kickers and the kickers against Dr. Merritt's clock remind me of the sea captain who made a trip around the Horn. He put into one of the ports and saw a lot of young turkeys for sale. The captain, having a desire to give his men a good fuck-out, purchased a number of the turkeys and sent them to the ship's cook. A fine turkey dinner with plum pudding was the order of the day. What did the sailors say? Why, they said: 'Well, we don't thank the old duffer' he only bought the turkeys because they were cheaper than bull beef.' That's what they said about Dr. Merritt's gift, and by the way, Dr. Merritt never owed Oakland anything, because he told me once he would have had to give up all his property here if it had not been for his San Francisco real estate. The fact is, that captain's story fits all the kickers in this town."

Commodore Curbstone, the wisest man in town, gave me an interesting paper today. It is called the "Nagai Shoji Shubo," and is published in Yokohama, Japan. The paper is printed in Japanese, save a couple of columns which are printed in English. I take this paragraph from the English department of the paper:

"Notice—A few words to subscribers: With this publication, we were to expand our papers into six pages, but the preparation having been a little insufficient, we must sorrowfully confess that we have to postpone the enlargement of our columns till some time. We hereby apologize ourselves for the breach of promise and solicit the favor of our Subscribers in spite of it."

✣ ✣ ✣ ✣

A certain city official who had appointments at his disposal, talking to a prominent politician recently, said: "I have tied two cats' tails together and thrown them across the clothesline, and now let them fight it out. It will be all right so long as they do not find out who tied the knot."

✣ ✣ ✣ ✣

Did you ever stop to think what the boss girl is paid in a well regulated candy store on Broadway? She receives $40 a month, and has to work every night. She has a Sunday off every two weeks. This young lady was offered $7 a week as a clerk in Taft & Pennoyer's store and no work after 6 o'clock. She tried the change for a month. Now she is back in the candy store as boss girl at the old wages.

✣ ✣ ✣ ✣

I hear that the effort of the shoe clerks to inaugurate a 6 o'clock closing movement has met with a failure. Two shoe dealers held out for evening hours, and that broke the deal. Godfrey Fisher of Lippitt & Fisher, successors to J. L. Champlin & Co., made a praiseworthy effort to have the deal go through.

✣ ✣ ✣ ✣

"Talking about police changes," said Captain Del Wilson, "I have been on the force for twenty-nine years and never aspired to be Chief of Police. I know when to let good enough alone."

✣ ✣ ✣ ✣

"Blow me into a cyclone, twist me for a tornado, jam me into a typhoon and roll me into a monsoon," said Commodore Curbstone as he picked the pearls out of his teeth after eating some of Huff's San Leandro oysters, "but it looks as though there is going to be some darned lively trouble in this 'ere town. The political pot is just 'biling' over, and I'm glad I am carrying this gold brick under my coat for self protection. Here's Doc Pardee quoted in the Chronicle as saying that he's sorry he kept the Mayor out of jail. Here's Councilman Louis Schaffer saying hard things about Officer McCloud and Sergeant Peterson. And blow me like a whale if they don't say that Schaffer is just a-waiting and a-wishing for McCloud to make the least little reply so he can open up a broadside on the officer. They say that Schaffer has a whole lot of red-hot stories up his sleeve. Cast off my anchor, cut I'm looking for Captain Morrison to whip Sergeant Peterson any day, because the latter said his superior officer was incompetent. And they do say that Sergeant Scanlan is a dead one because his friends refuse to help him on the ground that he had to increase the size of his hat when he got stripes on his sleeve. I'd buy the political compass and tell Dr. George Derrick not to ring in my name in his political interviews if I were Henry Dalton. Ship ahoy there, and put her in the course for the City Hall for that load of gold bricks." And what Commodore Curbstone don't know is not worth talking about.

✣ ✣ ✣ ✣

"I don't think ex-Chief Charles R. Lloyd stands any chance of being reinstated," said W. G. Palmanteer. "Mr. Dow, I hear, says there is no truth in the story that he is pledged to vote for Lloyd for Chief."

✣ ✣ ✣ ✣

I often wonder how some men reason. When I go into Tisch's place under the Central Bank to get shaved, I take a shine while I'm waiting. When I come to settle I find that I am charged ten cents for a shine. For this sum I can buy three Bulletins or Posts, or two Tribunes, or two baskets of strawberries, or two loaves of bread, or a dozen artichokes, or a readable magazine, or a ride from the State University through East Oakland and Alameda to Webster street and return. I find that all the street bootblacks shine for five cents. In fact, all bootblacks in town shine for five cents. Then why am I charged ten cents by Mr. Tisch. "I believe," said Mr. Tisch, "it makes my place seem more high-toned. You know you pay a quarter for a drink at the Palace bar when you can walk across the street and get the same article for ten cents, but you cannot get the environment. That's the way it is with my place."

✣ ✣ ✣ ✣

I don't like to hear a man talk in riddles. I like a man who comes right out. Councilman Girard is that man. He says: "To the victor belong the spoils." That is the story of politics as long as there are elections. You may call it by any other pretty name, but after all, it is "to the victor belong the spoils."

✣ ✣ ✣ ✣

They say that ex-County Recorder Charles H. Spear secured one of those shiners commonly and vulgarly called a gold brick.

✣ ✣ ✣ ✣

"I don't believe in prohibition," said M. J. Keller, merchant. "Regulate the saloons and keep them in bounds, and that is all that is necessary. We have a good city, but we must help it along."

THE ROUNDER.

NO POISON IN PURE WATER.

How to Live to Be One Hundred Years Old.

Editor Tribune:—Is pure distilled water a poison? For some time neighbors and friends have shown us extracts from the press claiming that it is poison. We could not believe that anyone could seriously entertain any such claim. Again and again has the statement been made, friends chucked us under the chin with, "How about your distilled-water fad?" We notice they do not state what the symptoms are, but state that "It is poison." We notice what others say. Ralston University, Washington, D. C., says: "So-called scientist, writing in the interests of a filter, and another in the interest of mineral water, make the assertion that pure distilled water is a poison. Gullible editors are copying the falsehood, supposing it to be scientific. Pure water is the gift of God to the life He has created. Impure water is the cause of more than half of the diseases of man."

Dr. King says: "Distilled water is a powerful solvent and should be generally used."

Dr. Clark says: "If distilled was generally used a great falling off in our mortality tables would be seen."

Prof. Hope says: "In many parts of Europe distilled water is provided for man and beasts with marked benefit."

Mr. Johnson says: "The excess of lime in the system is the cause of old age, gray hairs and bald heads. It is estimated that in forty years' time there is taken into the system carbonate of lime in drinking water sufficient to form a solid statue of the size of a large man."

It seems to be a money scheme to influence the dear people to drink mineral water, and especially that which passes through a patent filter. All fresh water is distilled water, from the great still, evaporation from the ocean. Our mountain tops are always covered with its product, white snow. Its precipitation through the atmosphere contaminates it with its impurities until it reaches the earth, when it absorbs more and more of its filth and bacteria. It then becomes our drinking, cleansing, every day fluid of life, such as the "filter" and "mineral water" scientist would pronounce par excellent.

The idea that pure water must be mixed with inorganic mineral substances (poisons) before it is fit to be used is preposterous.

God and nature, His bride, understood about as well as so-called scientists what the wants of animal and vegetable life are. Follow nature and her laws and you are always right. Many of us who use distilled water for drinking purposes exclusively feel a deep interest but will have to "look a little out" if it is toxic. We expect to live to become a centenarian (barring accidents) and one of the agencies, and not the least, is the free use of distilled water.

From the effects of drinking mineral waters the skin wrinkles, the heart, arteries and veins become clogged, and the bones, muscles, sinews, tendons, ligaments and tissues become stiff and brittle, causing decay and old age. These conditions can be materially modified by eating fruit and drinking distilled water.

THE JEWS IN RUSSIA.

That the importance of the regulations recently published with regard to the position of Jewish merchants in Moscow is by no means imaginary is proved by the satisfaction expressed by the "Novoe Vremya" at their promulgation. This journal has for many years been marked by the anti-Semitic feeling of the bitterest description, and it is invariably found to support any measures calculated to restrict the activity of Jews in Russia. According to its latest utterances on the subject, the laws which at present define the position of Jews are by no means too severe. Jews have been able to settle in the great towns, which offer such a fine field for their enterprise, and have fastened not only on their trade but also on the so-called liberal professions. In St. Petersburg, for instance, the headquarters of Russian finance and the chief money market of the empire, nearly all the banks are in the hands of the Jews. In Moscow, the chief center of Russian commerce, where in 1880, "to the shame of the Moscow merchants," a petition was addressed to the Emperor praying that Jews might, on account of their number and influence, be allowed to reside unmolested in the district, the laxity of the laws has encouraged not only the richer Jews but also a mass of smaller people who followed them in the guise of clerks or servants, and adopted some trade as a "screen for usury and all the Jewish arts" to obtain great influence in mercantile matters and also to acquire control of the local press. This state of affairs will be altered by the new regulations. They are not retroactive, but they will impose real restrictions on the future settlement of Jews in Moscow and other towns of that district, and on their participation in the local management of trade affairs. Their promulgation, concludes the writer, will make a deep impression on Russian society, and will be accepted as proof that the principles of Russian policy with regard to the Jews remains unaltered.—St. Petersburg correspondence of the London Post.

REV. J. B. M'NALLY JR. PREACHES SERMON.

The Rev. J. B. McNally Jr., nephew of the pastor of St. Patrick's Church of West Oakland, preached his first sermon at the church last evening. He made a fine impression. Father McNally is an orator and a good reasoner.

The text of the sermon was from Romans: "The wages of sin is death, but the gift of God is eternal life through Jesus Christ our Lord." The priest discussed the nature of sin as an insult and injury to God and as effecting man and his relations with God, and he talked of death, he natural physical death, and the second death, which is damnation.

"It has been charged by Englishmen and Frenchmen that we are an intemperate people," said the young priest. "It is impossible to blind our eyes to the fact that there is an increase in this vice and we cannot but concede that there is something in the charge.

"Self love and indulgence are hideous vices that are unhappily gaining ground, and against which every man must fight. Self indulgence is a plague of society, the curse of the family circle, the ruin of health, the waste of wealth and the cruel robber of the happiness of children. Our people must be freed from this if they are to have a place in God's kingdom.

"American manhood has been tested in the fiery crucible of war, and it stands upright and beautiful before the whole world. In the contest to stamp out sin the fight is for a nobler cause than that of any war. A great saint has said that the man who conquers his passions is better than the hero of many warlike contests. The young man who fails to battle on the side of God's forces is false to his country and his God. For him there is no meaning in the motto, 'For God and country.'"

LONDON MONEY MARKET NOTES.

Russian and Japanese Loans are Not Popular.

Associated Press Dispatches by The Tribune's Special Leased Wire.

NEW YORK, June 5.—The Times' financial cablegram says:

A dull week with a lot doing is a fair description of the current markets. The Stock Exchange settlement passed with ease and money is plentiful at moderate rates, except on Kaffirs and Kangaroos, and on these 10 to 20 per cent does not seem to count for much. The average rates elsewhere are from 4 to 5 per cent. The speculative account carried was heavy in most departments, and not the least so in American railroad shares. At the same time the number of small transactions steadily increases, and these are generally arranged for outside the Stock Exchange. The habit of speculation is spreading downward among the people to an unprecedented extent, and as yet each petty dabbler for the most part risks his own money only. This makes business unsensational but remarkably good, for the markets are as quiet as the week has been and with speculators away at Epsom attending the races, as multitudes were four days out of five, we have had but one or two interesting incidents.

On Thursday last quite a flurry broke out in Paris, whose Bourse threw about 5,000 Rio Tinto shares on the London market. "Hullo, copper has gone and the smash has come already," eager bears exclaimed. It is not so, but merely another incident in the eternal Spanish gamble. At the Bourse, in their monthly settlement, the Paris banks, as usual, proceeded to scrunch the bears with Spanish sealed bonds. In doing so at least one heavy operator was driven into a corner and being at the same time interested in Rui Tintos, the result was that his account in both securities had to be summarily closed. Spanish bonds were bought back and Rio Tintos were sold. The price of the former, therefore, rose in the usual ridiculous fashion, and the latter fell. It was all over in two days and the markets closed last night as calm and firm as ever. The copper gamble is a long way from ending yet.

One other important incident has been the issue of the Japanese loan. Originally, 10,000,000 pounds was asked for, but the Japanese themselves thought it prudent to take one-fifth for home consumption. So eight million was offered here and the market was angry on several grounds. The price 90, for 4 per cent, fifty-five-year bonds, redeemable at par, was too high, the amount too large and the security not first-class.

There is much discussion and difference of opinion stirred up by the participation of Paris's bank in relation to the loan. This is one of the most pushing of our new big banks, formed by the absorption of small ones. The bank has no business here, and its actions are improper and unheard of, the Critic exclaimed. But the Parrs say that such comment is all wrong. "We have not underwritten the loan nor any part of the loan, but have merely joined others as agents for the issue of the bonds," they say. This is true, for the general committee told me as himself, and this innovation marks further beginnings and encroachments by joint stock banks in the domain hitherto occupied exclusively by private financial houses.

The Russian loan of £3,000,000 is coming next week. This is also a part of £10,000,000 wanted, but even thus reduced it will not be a popular one because of England's dissatisfaction with Russia's actions in Pekin. It will be a 4 per cent, seventy-year loan at 89. The fact is we have no money to spare for state loans of any quality at present. All our means are otherwise engaged, and we are busy dissipating the millions paid by you for your railroad securities in joint stock companies of all types, but which are all well supplied with water. It is good fun while it lasts, but it is likely to prove expensive by and by.

Some of our bankers begin to feel uneasy over the stupendous credit commitments of this country and the steady pressure on the part of other countries to get us to carry their burdens for them. There are schemes for strengthening the gold reserve, therefore, in the air, but they will come to nothing. No banker is going to lose the chance of making a big profit for the sake of filling his treasury with gold. As for the Bank of England, the bullion brokers have declared a kind of a boycott against it, because it refused to buy gold at anything over the statutory mint price of 77s 9d per ounce, except through one house as its agent. The consequence is that large amounts of gold are lying in the custody of the Rothschilds and other merchants. Knowledge of this case helps to make discount flabby, and now, with metal coming to us from New York, as in all probability there is, the market will not be able to prevent the foreign bill rate from falling below 3 per cent.

OBJECTION MADE TO FINAL ACCOUNT.

Samuel Irving has, through attorney W. H. Payson, filed an objection to the final account of E. Williams, executor of the estate of Margaret Williams, deceased. The other heirs are also represented in the action. It is claimed that the executor has charged fees for administering the whole estate when he should have charged only for the money passing through his hands. The property is valued at $7,500. The heirs are Frank R. Joyce, Emma Joyce Harris, Minnie J. Fenton, Abraham L. Joyce, William Joyce, Sarah Joyce and Fanny Joyce. The executor is the widower of the deceased and is 72 years of age.

THEY CAN NOW BEAR FIRE ARMS.

CONFESSION OF A FILIBUSTER.

Our Consul at Canton Traitorously Aids the Rebels.

Associated Press Dispatches by The Tribune's Special Leased Wire.

NEW YORK, June 5.—A special to the Journal and Advertiser from Washington, says:

Captain Joseph Henry Grimes has made a complete confession of the part he took in aiding the Filipinos, and the document is in the possession of the Government. He is a British subject, born in Hongkong twenty-nine years ago. He was office manager at Shanghai for T. Bizel & Company, and there became acquainted with the agents of the Filipino rebellion.

On June 7th Grimes' firm contracted with Agoncillo to supply five thousand Mauser rifles, two Maxim guns, one million cartridges, the steamer Pasig and provision, etc., at a cost of $136,0.0. The outfit was seized by the British authorities at the request of the Spanish consul.

Then, says Grimes, E. F. Sylvester, a member of his firm, arranged with Edward Bello, American Consul at Canton, to send the arms to that point by means of a false sale to the Chinese government. The Chinese Viceroy was to reject the arms, but as it turned out, he seized 4,500 and kept them to suppress a rebellion in his own territory.

The local authorities requested permission for the Pasig to sail she was transferred from British to American register by Consul Bello, her name changed to the Abbey, and Bello cleared her and the supplies for the Filipinos for Singapore. On August 9th, the Abbey flying the American flag and commanded by Captain G. W. Ellis, an American citizen, left Whampoa, fifteen miles from Canton. On board was Lewis Leonard Etzel, the American citizen whose mission it was to teach the Filipinos how to use the Maxim guns.

Sylvester, Grimes asserts, falsely told him that the facts about the expedition were known to Admiral Dewey and Consul-General Wildman.

The cargo was taken to Santangas, eighty miles south of Manila, and turned over to the insurgent governor of that town. It consisted of 486 rifles, 500 cartridges. Two Maxim guns and 2,000 rounds of Maxim ammunition. Grimes returned to Hongkong, but was not successful in his further plans.

Sylvester visited Aguinaldo, but failed to conclude a contract with him to procure arms in Germany.

"It will be seen by the above statement," Grimes said, "that both Sylvester and Etzel plotted on American soil against the American Government."

The Abbey was seized about September 1st last by the American revenue cutter McCulloch, while attached to Admiral Dewey's fleet. Grimes was arrested in Manila on November 5th.

LODGE MEMBERS ENJOY A BANQUET.

Albion Lodge, Sons of St. George held its installation of officers a few days ago. The newly elected officers were Fred Phillips, president; George Fake, vice-president; J. J. Roberts, secretary; Clinton De Lancey, assistant secretary; T. Fake, messenger; Dr. O. Swasey, physician; John De Lancey, treasurer; J. W. Carlen and A. J. Wilson trustees; Professor Politti, pianist; William Shuart, District Grand Deputy, installed the officers.

At the conclusion of the ceremonies and after the business of the evening was finished, the members of the lodge adjourned to the banquet hall, where a fine supper was served.

Professor Politti, C. T. Johns, and J. W. Carlen were then appointed to escort the daughters of St. George to supper from the adjoining hall where their weekly meeting was in session.

Mr. Lancaster acted as chairman of the evening, and when the guests were seated, he arose and made quite a neat and witty speech, the most important part being that the order had appropriated a sum of money for the purchase of a handsome silver tea service to be presented to the newly elected president, Fred Phillips as a wedding present.

J. A. Barlow, made the presentation speech. President Phillips replied in behalf of himself and prospective bride, Miss Agnes Johnson.

They were married today at 10 o'clock at St. Paul's Episcopal Church.

After the banquet a short but interesting program was rendered as follows: Fred Phillips, vocal solo; Alfred Dingle, song entitled "I'm Going to Marry Agness;" C. White, song, "Merrie Maids of Old England;" C. White, recitation, "The Charge of the Light Brigade;" T. Rocha, recitation, "The Midshipman's Fate;" William Fish, song; Mrs. Mulmer of the Britania Lodge, sang "Star Spangled Banner."

At midnight the evening's entertainment concluded with a few complimentary remarks from C. T. Johns to President Phillips and intended bride, that echoed the sentiments of Albion Lodge. The contest between the Red and White Rose team, which has been interesting the members of the lodge, for the past two months, to see which side could bring in the most members, was decided in favor of the White Rose team.

The Red Rose brought in eight members and the White, thirteen. The losing side will now give the winners a banquet which will take place two weeks thence. Albion Lodge is in a very prosperous condition, according to the latest reports.

LAWTON AFTER THE FILIPINOS.

He Will Try to Corner an Insurgent Force.

Associated Press Dispatches by The Tribune's Special Leased Wire.

NEW YORK, June 5.—A special to the Herald from Washington says: In dispatching General Lawton to capture Morong, Major-General Otis is understood to have the purpose to destroy or drive back the strong force of insurgents which have been operating from that section against the Pasig river line.

There is no expectation here that Lawton's column will go farther than the rivers or lakes, upon which supplies will be carried to him. The authorities appreciate the extreme difficulties of a campaign during the rainy season, and all they expect is that the American forces will make short incursions into the enemy's country, breaking up any large organizations which may establish themselves in the vicinity of Manila, especially near Laguna de Bay.

It is apparent from the line which Lawton is following and the dispatch of the Washington troops to Morong that it is hoped to get the insurgents between that point, Taytay and Antipolo and the lake hemmed in so that they can be destroyed or captured.

SCOTLAND'S SONS AND DAUGHTERS.

A large and enthusiastic gathering of Scotland's sons and daughters were entertained Friday evening by Clan McDonald No. 70, Order of Scottish Clans, at their meet room, 1166 Washington street. It is a custom of the order to give open meetings, where friends and members can assemble and learn of Scotch valor and patriotism and strengthen the ties of brotherly love. The Amusement Committee made ample provision for the diversified tastes of the audience by supplying those of a literary or musical turn of mind with an interesting program, in which Misses Sath, Thompson, Bassett and the O'Brien Sisters, and Messrs. Robert Howden, W. A. Clarke, Donaldson, and Dr. O. S. Dean took part. After the program Royal Deputy Crew made a few remarks on the remarkable progress and financial condition of the order during the past year, in which connection Clan MacDonald deserves favorable mention. Dancing consumed the remainder of the evening, the general dancing being preceded with the Highland fling by Misses Bessie Howden and Isa Dobbie in costume.

THE MYSTERY IN ALAMEDA.

Murder Was Committed Many Years Ago.

The mystery surrounding the finding of human bones under the kitchen floor in the old Sather house, corner of Encinal avenue and Grove streets, has not been cleared away.

Fritz Boehmer, recently purchased the property from the Sather estate.

While tearing up the kitchen floor he found a skeleton.

All sorts of theories are now being advanced about the mystery. The general opinion is that a murder was committed years ago and the body was buried in order to hide the crime.

It is a case on which all the old timers can theorize.

CAUGHT A PICTURE FRAME PEDDLER.

License Inspector Maloon discovered a drummer for a San Francisco picture frame manufacturer soliciting retail orders and took the young man to the City Hall. While the drummer was endeavoring to convince Maloon that he was not making a sale his assistant came in and innocently asked if he could leave the samples until they could go back and complete the sale. The drummer concluded the best way out of it was to take out a license.

ANCIENT SAWS.

Saws were used by the ancient Egyptians. One that was discovered with several other carpenters' tools in a private tomb at Thebes is now preserved in the British Museum. The blade, which seems to be of brass, is ten and a half inches long and one and a quarter inches broad at the widest part. The teeth are irregular and appear to have been formed by striking a blunt-edged instrument against the edge of the plate, the bur, or rough shoulder thus produced not being removed. A painting copied in Rosellini's work on Egyptian antiquities represents a man using a similar saw, the piece of wood he is cutting being held between two upright posts. In other representations the timber is bound with ropes to a single post, and in one, also copied by Rosellini, the workman is engaged in tightening the rope, having left the saw sticking in the cut. In an engraving given in the third volume of Wilkinson's Manners and customs of the ancient Egyptians a saw is represented of much larger dimensions, its length being by comparison with the man not less than three or four feet. It does not appear that the Egyptians used saws worked by two men. The invention of saws was variously attributed by the Greeks to two or three individuals, who are supposed to have taken the idea from the jaw bone of a snake or the back bone of a fish. There is a very curious picture among the remains discovered in the ruins of Herculaneum, representing the interior of a carpenter's workshop, with two genii cutting a piece of wood with a frame-saw, and on a altar preserved in the Capitoline Museum at Rome there is a perfect representation of a bow-saw, exactly resembling, in the form of the frame and the twisted cord for tightening it, those used by modern carpenters. From these remains it is evident that these forms of instruments were known to the ancients.—London Architect.

THE ROCK-A-BYE BOAT.

There's a boat that leaves at half-past six
From the busy port of Play,
And it reaches the haven of Slumberland
Before the close of day.

It carries the tiniest passengers,
And it rocks so gently, oh!
When the wee ones nestle in their berths,
And the boatman begins to row!

The whistle sounds so low and sweet,
(Like a mother's lullaby),
That the travelers smile and close their eyes,
To dream of angels nigh.

Sometimes the travelers tarry too long
In the busy port of Play,
And the anxious boatman coaxes and calls,
And grieves at their delay.

But they come at last to the rocking boat,
Which bears them down the stream,
And drifts them to the Slumberland,
To rest and sleep and dream.

The name of the boat is Rock-a-bye,
And it's guided by mother's hand.
For she is the patient boatman dear,
Who takes you to Slumberland.

Now what is the fare a traveler pays
On a Rock-a-bye boat like this?
Why, the poorest child can afford the price—
For it's only a good-night kiss!
—Emiline Goodrow in Little Men and Women.

FRIENDSHIP.

Fast fetter bound in thrall of ice and snow,
The early blossoms of the struggling year,
Lie prisoned deep in dungeons dark and drear,
Soon spreads the sun his magic spell, and lo,
These futile bars are burst with thrill and throe
Of bounding life! Strong living arms uprear
From out their shattered bonds into the clear
Glad day. God's miracle is done. And so,

Into the darkness of some earth-bound life,
Pressed down by self and selfish love there creeps
Some day the magic sunshine of a smile.
Then quick the awaken'd soul in eager strife,
Bursts from its earthy bonds and forth upleaps
To joy's sweet fullness, never known erewhile.
—J. C. Sherman in Munsey.

FIGUREHEADS DISAPPEARING.

Our modern mariners give very little thought to figureheads. A warship feels any number of times securer with a few torpedoes up her sleeve than she possibly could with the most aesthetic or formidable figurehead on her stem. In fact, look about any harbor and note how few ships boast anything. Time was when a vessel would as soon have thought about starting out with a leak as without a figurehead, and the farther back we go the more was this a fact. The earliest discovered model of a figurehead belonged to a pleasure boat of one of ancient Egypt's dark-eyed queens, being in the form of a lotus and so very much to her mind and heart that she had it buried with her, but warships with animals carved upon the prows are known to have existed in Egypt before the days of this queen; in fact, as early as 1000 B. C. The subject usually corresponds to the name of the ship. This was before the introduction of rams. A few figureheads, as well as anchors and rams, found in the ruins of the locks at Athens, serve to give a notion of the dimensions of ancient Grecian warships. The niche occupied on the Flying Dutchman by the human skeleton was the niche that in the middle ages was occupied by a saint, and this in turn was an outcome of the way they had in the days of the Roman consuls of taking their lares, or tutelary gods, to sea in the after part of the ship. Apparently each particular nation had a favorite emblem. The owl was as conspicuous on the Athenian ship as was the cock, that emblem of vigilance, on the prows of the Phoenicians. The shining blade of St. Theodore, the patron saint of the Venetians, was their favored figurehead, while the British lion became so universally the figurehead of English ships that other nations, which followed closely the naval architecture of this "first nation on the sea," adopted also the lion, as much to conceal their identity as because they were built after English models. So common was this that in France the curve of the bow was known as the "sweep of the lion."—New York Home Journal.

WONDERFUL.

Isn't it wonderful, when you think
How the creeping grasses grow,
High on the mountain's rocky brink,
In the valleys down below?
A common thing is a grass blade small,
Crushed by the feet that pass—
But all the dwarfs and giants tall,
Working till doomsday shadows fall,
Can't make a blade of grass.

Isn't it wonderful, when you think
How a little seed, asleep,
Out of the earth new life will drink,
And carefully upward creep?
A seed, we say, is a simple thing,
The germ of a flower or weed—
But all earth's workmen laboring,
With all the help that wealth can bring
Never could make a seed.

Isn't it wonderful, when you think
How the wild bird sings his song,
Weaving melodies, link by link,
The whole sweet summer long?
Commonplace is a bird alway,
Everywhere seen and heard,
But all the engines of earth, I say,
Working on till judgment day,
Never could make a bird.

Isn't it wonderful, when you think
How a little baby grows,
From his big, round eyes that wink and blink,
Down to his tiny toes?
Common thing is a baby, though,
All play the baby's part—
But all the whirling wheels that go
Flying round while the ages flow
Can't make a baby's heart.
—Julian S. Cutler in Jewish Comment.

BIG VIOLETS.

Apparently it will soon be out of place to refer to—

A violet by a mossy stone
Half hidden from the eye.

Emilly Borgiotti, an Italian horticulturist, has succeeded in making violets two and one-half inches across, with 100 petals. So from symbolizing shrinking retirement, the violet will, at this rate, soon express much the same quality as the peony.—Springfield Mass.) Republican.

Baggage Checked at Home.

When a person wishes to take an outing, it is always a cause of worriment to have to check one's trunks and look after them until they are safely stowed away on the train or boat on which one intends to travel. This annoyance, however, is obviated by entrusting the care of baggage, including the checking of the same, to the Peoples Express Company. This is the leading express company in this city, and, in fact, on the coast. It checks the baggage at your house to any point on the Southern Pacific free of charge. The company's telephone is main 326. The office is at the northeast corner of Broadway and Ninth street. It has a branch office in Stockton at 16 and 18 North El Dorado street.

REBEL STRONGHOLD TAKEN.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

MANILA, June 5, 1:25 P. M.—Two battalions of the Washington troops under Colonel Wholley, on board cascoes, were towed from Pasig to Morong on Sunday and landed under cover of a well directed fire from the "tinclad" gunboats Napidan and Covadonga.

The rebels, who were intrenched in the outskirts of the town, reserved their fire until the troops are ashore and in the open. The American artillery opened fire on the insurgents and drove them from their positions, killing nine and wounding five. The Washington troops then took the ground, the rebels fleeing to the hills.

While the Americans were on their way to Morong the insurgents opened fire from a shore battery at an [illegible], their first shots striking the Covadonga's after awning at a range of 3,500 yards. The Napidan also was fired at.

THINK WINTON A BLUFFER.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

NEW YORK, June 5.—A dispatch to the Tribune from Paris says:

The Paris papers comment unfavorably on Mr. Winton's delay in replying to M. Charron's acceptance of his challenge. The Figaro says that M. Charron having deposited his 20,000 francs forfeit, it is no longer proper for Mr. Winton to back out.

The Gaulois says that Mr. Winton's reply is awaited in French sporting circles with the greatest impatience.

The Velo, the leading organ of cycling and automobile interests, says that his challenge, definitely issued, is evidently a case of pure bluff from which he is now preparing to back down.

The Velo advises M. Charron and half a dozen other French automobilists who are anxious to accept Mr. Winton's challenge, no longer to waste time with him.

TENANT REFUSED TO PAY RAISED RENT.

Celia A. White has brought suit to eject Elizabeth S. Worthing from a house in Berkeley and also for $37.50 alleged to be due for rent.

The complaint recites that the defendant leased the property from defendant at the rate of $22.50 a month. Later plaintiff raised the rent to $30. Mrs. Worthington refused to pay the added amount and has also refused to vacate the premises. Hence the suit.

STRANGE CHAIN OF FATALITIES.

Mourners at a Funeral Horrified By Fresh Tragedies.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

CHICAGO, June 5.—A special to the Chronicle from Arthur, Illinois, says: One boy drowned, a little girl fatally injured beneath the hoofs of horses, two women and a man brought to death's door by the shocks of the accidents, all incidents accompanying the funeral of a man who met sudden death, made Sunday a remarkable one in this city.

The strange chain of events began when the local Grand Army post buried T. P. Wells, who was asphyxiated by gas at a hotel in Chicago last Wednesday night. While the ceremony was in progress at the cemetery news reached this Baker that his 13-year-old son had just been drowned while swimming. The shock prostrated Mr. Baker and he had to be taken home in a carriage. When the news was broken to his wife she went frantic and became unconscious. Both are in a precarious condition.

While the procession was returning from the cemetery one of the carriages ran over Mrs. William's two-year-old daughter, mangling her in a horrible manner.

Miss Ola Clark, a witness to the latter accident, fainted and was carried to the nearest house, where she lay for four hours before recovering sufficiently to be removed to her home.

Is Preparing to Resist the American Forces.

Associated Press Dispatches by

NEW YORK, June 5.—A dispatch to the Journal and Advertiser from Hongkong says:

The Sultan of Sulu, who, it was supposed, was favorably disposed toward the United States, now, it turns out, has imported a large quantity of arms from Singapore via Sandakan, with a view to resisting the Americans.

These arms he has stored on the island of Siasi, and he is raising a force of Sepoys at Singapore.

It is believed that the decision of the Sultan to fight the United States is the result of Bray's mission to Singapore in April.

The deceased was a fireman in the employ of the Southern Pacific Company. He had gone to Ukiah with George Irwin and B. C. Levi, two engineers, to enjoy a camping trip in the mountains. They had been out only a few days when young Murdoch was taken ill. He was at once taken to Ukiah and medical aid summoned, but he died after a couple of days' illness. Arrangements have been made to have the body brought to this city for interment.

TOMORROW DEWEY SAILS.

He Pays His Farewell Visits to the Warships.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

HONGKONG, June 5.—Admiral Dewey left the Peak hotel and returned to the Olympia yesterday. This morning he paid farewell calls to the Governor, General Gascoigne, and the commanders of the warships in the harbor.

Admiral Dewey's health has been considerably benefited by his residence at the Peak. He has refused all social invitations and has taken a perfect rest. He appears somewhat haggard from the effects of the continual strain he has been under and of the climate.

The Olympia will sail at 4 o'clock tomorrow afternoon, but Admiral Dewey will not give a farewell dinner, nor will he accept one.

It is hoped that the quiet, change and the voyage will quite restore him to health by the time he reaches New York. The details of the ports at which he will call are still undecided, but it probable that stops will be made at Singapore and Colombo. The Admiral seems anxious to avoid all display and merely to seek rest. His officers and crew are elated at the prospect of a return home.

ACCEPT THE CHALLENGE.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

OXFORD, England, June 5.—A cablegram has been received from Harvard and Yale, accepting the challenge of Oxford and Cambridge for an athletic contest, provided certain conditions are adjusted, and suggesting either July 12th, 13th or 14th as suitable dates. But not one of these dates will do, as the contest must take place on a Saturday, in order to catch the London crowd, and July 15th is the date for two great social functions, the Eton-Harrow cricket match and the Eclipse stakes at Sandown Park.

It is understood that Oxford and Cambridge will make a counter proposal for July 22d, the Saturday preceding the break-up of the London season and the exodus to the Goodwood races.

BIGAMIST AMES OF ALAMEDA IS SUED.

George Ames, former Alameda Library Trustee, who disappeared last September, has been sued for divorce by his second wife, Mrs. Minnie A. Ames. It was not until Ames disappeared that his bigamous conduct came to light. Mrs. Ames No. 1 has already secured a divorce. It is understood that Mrs. Ames No. 2 will be allowed a decree without contest. This will leave Ames free to begin life with Mrs. Ames No. 3, who was a Miss Tessie Skelly before he married her in Santa Rosa. It is probable that the charges of bigamy against Ames will be dropped. His whereabouts are unknown. It is supposed that he is in hiding some place not far away.

RIOTS IN BELFAST.

BELFAST, June 5.—There were exciting scenes here this afternoon in consequence of the Nationalist demonstration, headed by William O'Brien and accompanied by bands of music and the display of banners. The Protestants threatened trouble, with the result that large bodies of police and military were stationed near where the several conflicts took place, and infantry charged the crowd with fixed bayonets. Several persons were injured.

MR. BEATIE HAD SUMMER GUEST.

Made Things Lively at the Secretary's Home.

This morning Walter Beatie, secretary of the Contra Costa Water Company, and his family, awoke to find that a night visitor had ransacked the house from basement to attic. Everything movable of any value was gone. The burglar had cooly gone through the bed rooms and abstracted the purses and valuables of the sleeping occupants. He secured about $50 from Mr. and Mrs. Beatie's purses.

Fortunately, Mrs. Beatie was just on the point of starting for the country and had had the silverware all packed and safely stowed in the company's vaults. The burglar retired before morning, leaving plenty of evidence as to his presence, but leaving no trail readily discernable by which he could be tracked.

WHITE HOUSE CONFERENCE.

Associated Press Dispatches by
The Tribune's Special Leased Wire.

WASHINGTON, June 5.—No definite information was obtainable today as to the subject of the discussion during the conference at the White House last night between the President, Acting Secretary of War Meiklejohn and Adjutant-General Corbin.

The latter refuses to refer to the matter. Mr. Meiklejohn says the dispatches received referred exclusively to future military movements, which it would be impolitic to make public at this time.

Secretary Hay was a party to the conference, a fact not generally known last night. It is believed that advices were received from President Schurman of the Philippine Commission.

The conference prepared some instructions to govern the conduct of the officers in the Philippines, in accordance with the suggestions contained in the advices, and these were promptly cabled to Manila.

The fact that the Secretary of State was called into the conference by the President is taken as an inference that the subjects discussed were not purely military in character, but related in some manner to large questions of policy at the Philippines, relating again to some fresh overtures of the insurgents perhaps. The matter is said to be in such shape that publication at this time would defeat the object in view.

SUICIDE IN SANTA CRUZ.

SANTA CRUZ, Cal., June 5.—James Jared, who was until recently a saloon keeper in Watsonville, shot himself in the head this morning with suicidal intent. The shooting occurred in a house of ill fame where he had secreted himself in the room of a woman with whom he was in love. The woman objected to Jared's attention, and informed the officers. When they tried to break in the door Jared shot himself twice. He will die.

CAPTURED ARTILLERY

Associated Press Dispatches by
The Tribune's Special Leased Wire.

WASHINGTON, June 5.—The War Department has solved the question as to the disposition of the artillery captured from Spain in Cuba and Porto Rico, by turning the whole matter over to the Governors of the States. Very many applications have been received at the Department for the gift or loan of these guns, and the pressure has been renewed since the Navy Department made known the fact that all of its guns had been disposed of. The law under which these guns can be distributed provides that they may go only to the soldiers' monuments associations, Grand Army posts, and municipal corporations. One gun will be allotted to each State, and the Governor is asked to decide what disposition shall be made of the gun for his State.

The parties are heavily armed, but there has been no shooting thus far.

THE LATEST YARN.

A Pittsburg drummer tells this new yarn: "I always carry a bottle of Kemp's Balsam in my grip. I take cold easily and a few doses of the Balsam always makes me a well man. Everywhere I go I speak a good word for Kemp. I take hold of my customers—I take old men and young men, and tell them confidentially what I would do when I take cold. At druggists, 25c and 50c.

CLASSED THEM AS TRAITORS TO FLAG.

Admiral Dewey Camp Army and Navy Republican League, held their regular meeting last Saturday night. It was largely and well attended. Much enthusiasm was shown as to the principles involved and it was decided to firmly uphold the hands and acts of President McKinley. The camp depreciated the action of so-called Americans who are criticizing the policy of the administration, and classes those kind of people as traitors to their country and flag.

A GOOD DETECTIVE STORY.

"The least thing I ever heard of that put a man in prison was the clew that took me over the road between here and New York about a dozen times in 1873, when I was an inspector in the postal service," said an old sleuth the other day to another who had just told a good story.

"It was an old case. It had been on the books a long while. Four or five good men had taken a try at it, but the fellow was too sly, and he kept taking letters and we could never take him. The complaints pointed pretty closely to the spot to where the trouble was, but when we got there we were completely baffled.

"I had myself worked on the job a little and gone at something else. In all these detective cases it is nine times out of ten a mere chance that leads to success. One day I happened to take out of a pigeonhole in my desk a bunch of decoy letters that had been sent over the line to catch this sharp rascal, who was robbing Washington people of their remittances to New York. Somehow I slid my knife through the sealed joints of an envelope, and there, caught in a corner, was a short black hair. The flap of the envelope looked as if it had not been meddled with. Yet it had been opened and a dollar bill duly marked had been taken out and the envelope sealed up and put back in the mail.

"I took that hair up as carefully as if it had been a diamond I had just found. I knew that just across Seventh street I had a friend, now dead, who had a powerful microscope. I rushed up to his office and asked him to let me use his instrument a moment. Under the glass the hair seemed to be one from a man's moustache. I looked at it along while and so did my friend. We agreed that it was a whisker, sure enough, and I was confident it was a piece of the thief we wanted to catch. If we had stopped there and gone after him we should have failed again as completely as ever before. To make assurance doubly sure I went to an optician and put the hair under the most powerful microscope he had. Almost without hesitation he said: 'This is not a black hair, but a red one dyed black. It is red at the end.'

"I looked for myself, and sure enough it was so. I went back to the office, put my desk in order, got all the data in the case, and that night started over the line to New York once more. We were satisfied the thief worked between Philadelphia and New York, so I took it easy until I got to the Delaware River. Then I got down to business. I saw every man who handled through pouches from there on to New York, and I took a mental photograph of every moustache in the service between Philadelphia and New York. I looked for black moustaches and for red ones, and I was especially interested in any that had the least sign of being dyed. At Trenton I found a red moustache, but I went on to the end of the route still looking for another of that shade. I found none. That chap was my man. I came back home and for a week played toss and catch with him, sending through his hands perhaps fifty decoy letters, some with stamps in them, some with dollar bills and some with money orders. In less than two weeks we had him, and he went over the road for two years and eight months, and the trouble stopped.

"It all began with my finding that one little stubby hair in the corner of that one envelope."—Washington Star.

Sisters in China evidently exercise a greater influence over the brothers' lives than they do in America. The case is cited in a Chinese journal of a native aged 40, who has married and divorced thirty-five wives, and is now married to the thirty-sixth. He was first married when 18 years old, and the reason alleged for this extraordinary example of inconsistency is that he has a younger sister of extremely jealous and quarrelsome disposition, who, from the moment that a bride enters the house, institutes a system of persecution which soon drives the unhappy woman to ask her husband for a divorce.

CHINESE COURT HISTORIANS.

There are court historians in China, as there are in other countries, but there is one striking difference, and it lies in the fact that the work of the Chinese court historians does not see the light until the reigning dynasty comes to an end.

In this way these celestial historians have an opportunity to describe most truthfully the virtues and vices of the various rulers, and the real significance of the events which take place during their regime. They can write what they please without fear of censure, for they know that their work will not be published as long as the reigning dynasty lasts.

This has been the rule for more than two thousand years, the first court historians having been appointed by the imperial house of Han, which reigned from 206 B. C. until 25 A. D.

The duty of these historians is to write a plain account of all the events that occur during their tenure of office. At regular intervals their completed work is taken from them and is locked up in an iron safe or vault. There it remains until the first member of a new dynasty ascends the throne.

It is then given, with all the other histories in the vault, to the court historian who is then living, and from the mass of documents he is expected to prepare a truthful history of the dynasty which has just expired. The present dynasty has been reigning since 1644, and consequently no court history has been published since that date.—New York Herald.

COREAN DOCTORS.

By the Coreans, disease, as well as all the other ills of life, is attributed to the malevolence of demons, and in most cases of sickness more money is spent in exorcism, with a view to propitiating the evil spirit, than in medicine for the suffering victim. Perhaps nothing serves better to illustrate to the occidental mind the contrariness of things oriental than the music, dancing and feasting called for in case of sickness in a Corean home. The chief figure in the troop of actors is a female exorcist, believed to be in league with a powerful demon, by whose aid she can entice or drive away the evil spirit causing the sickness. As she sings and dances the others beat upon drums, tom-toms, etc., all together making noise enough to distract the poor sufferer. As a propitiatory sacrifice tables are spread laden with food and wine, of the odor arising from which the spirit is supposed to partake and depart satisfied.

The Corean doctor's treatment, too, being directed toward the driving out of the demon, is naturally supposed to be effective in proportion to its severity. Persons suffering from low malarial and other fevers invariably have various parts of the body pierced with large and, of course, surgically unclean needles, as a supposed important part of their treatment. We have seen broken limbs that have been punctured all around the seat of fracture in a similar manner. Indeed, no treatment is more common than the use of the needle. No attempt is made to keep it clean, and consequently frightful abscesses follow its use.—Missionary Review.

An Eastern paper suggests that a drama be written with a great tank scene in it for Funston. Wouldn't it be proper to work in General Shafter at that point in the drama?
